

Welcome to NASCAR FANTASY LIVE for the PLAYOFFS

NASCAR Fantasy Live will continue through the Playoffs with a new set of prizes and a twist on how to set your starting lineup.

For each week of the Playoffs, pick 4 drivers for your starting lineup – two that are actively competing for Monster Energy NASCAR Cup Series Championship and two from the rest of the field. There is no limit on the number of times you can use a driver during the Playoffs.

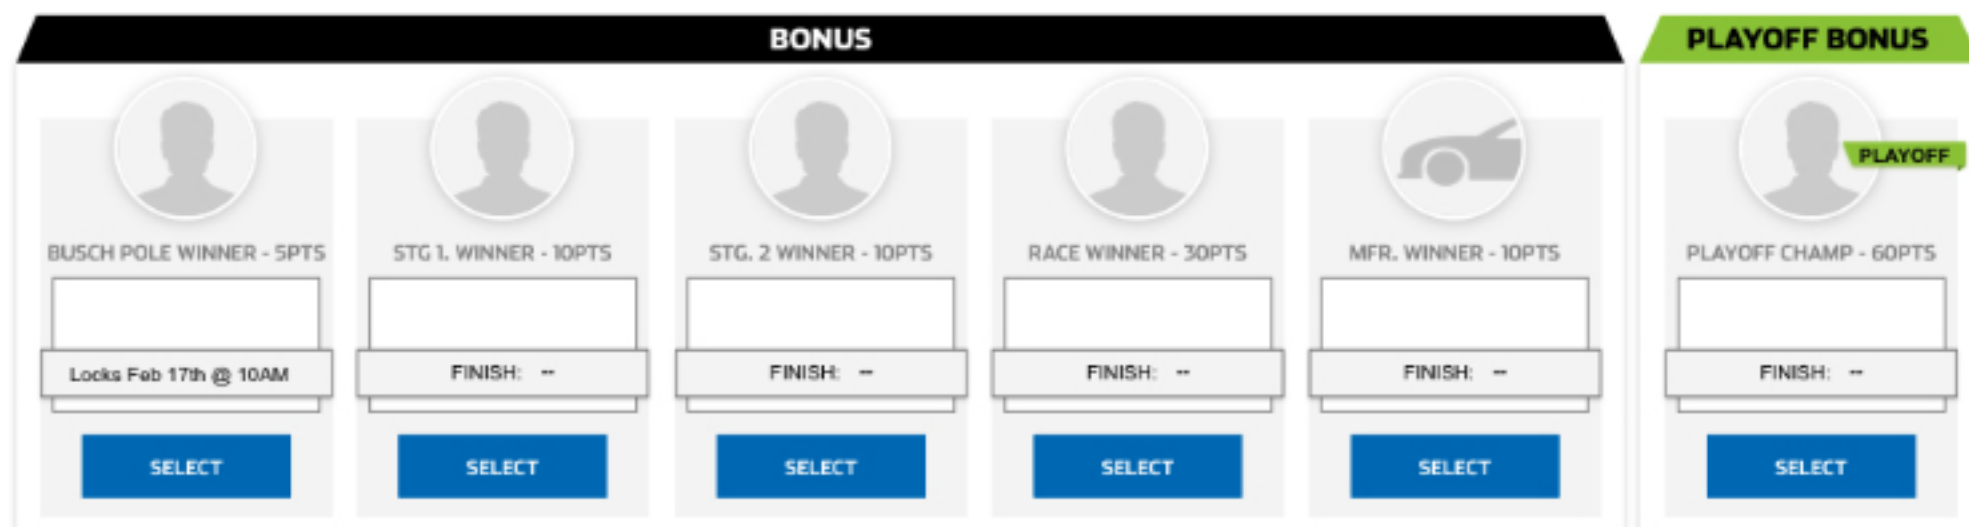

Garage Selection

Choose your Garage pick wisely since you may only substitute your Garage driver for the same type of driver in your starting lineup (playoffs qualified or non-playoffs qualified).

You may substitute your garage pick for one of your starting drivers through the end of the 2nd stage of each race. Only drivers finishing the race in your starting lineup count toward your race points.

Bonus Selection

Earn additional bonus points each week by predicting the Busch Pole Award (Pole Winner), Stage 1 & 2 winners, Race Winner, and Winning Manufacturer. Correctly pick the driver who will win the Championship before the first race of the Playoffs and earn an additional 60 points to be added to your score after the final race at Homestead.

If you already had a Fantasy Live entry and league for the regular season, points will reset to zero and it will carry over to the Playoffs.
